The Secretary to the Govt. of Mysore, -

Subject:- Retention of Sri C.B.Narasimhamurthy, Electrical Engineer, Sivasamudram, in service beyond the date of his superannuation.

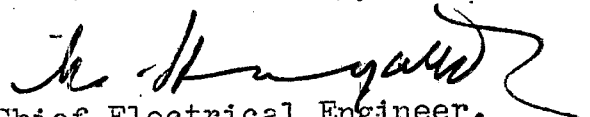

I have the honour to state that Sri C.B.Narasimhamurthy, Electrical Engineer, Sivasamudram, attains the age of superannuation on 16-11-1949 and has to retire from service from that date in the normal course. But his knowledge of the most minute details of the plant and machinery at Sivasamudram and his approach to the various duties entrusted to him from time to time have been, to a great extent, responsible for the efficient working of the Station at Sivasamudram, particularly after the accident of 1944. He has been associated with the Sivasamudram Power Station for over ten years in the past in various capacities, viz., Hydraulic Operator, Electrical Operator or Junior Engineer, Station Superintendent and now Electrical Engineer and his knowledge and experience in the Operation and Maintenance of the Station are very precious for this department. On more than one trying occasion he has shown high skill in his work and hence he is far superior to other officers with equal qualifications. I therefore consider it desirable to retain him in service for some more time, so that the other junior officers in the department may acquire better knowledge and experience by the guidance of this old and experienced officer. This step is deemed necessary in view of the fact that considerable development work is ahead of us.

Further, Sri C.B.Narasimhamurthy is quite healthy and efficient in his duties in spite of his age.

P.T.O.

In the circumstances I would request you kindly to obtain sanction of Government to retain Sri C.B.Narasimhamurthy, Electrical Engineer, Sivasamudram, for one year in the first instance from 16-11-1949, the date of his superannuation. The position will be reviewed at the close of this term and further proposals sent to Government.

Yours faithfully,

Chief Electrical Engineer.
